August 30, 2007

Dear Valued Customer:

In order to honor our nations Presidents, The United States Mint officially began releasing \$1 Presidential coins into circulation in February of 2007. Each coin features the name, image, term of office and, number representing the respective chronological order of service for each U.S. President. The U.S. Mint has scheduled dates for the release of four Presidential \$1Coins per year in ascending order of service. Coins featuring Presidents Washington, Adams, and Jefferson are currently released into circulation with Madison to follow in November of this year. Unique design features not normally found among circulated coins include advanced and innovative graphics as well as edge-incused inscriptions of the issuance year and "E Pluribus Unum" ("In God We Trust"). The composition of the coin is identical to that of the circulated Sacagawea dollar.

Under the Presidential \$1 Coin Act of 2005 all Federal agencies and instrumentalities (including certain non-appropriated fund instrumentalities), entities that operate any business on Federal property, the United States Postal Service, and certain transit systems are required to ensure that all business operations involving coins or currency will **be fully capable of accepting and dispensing \$1 coins by January 1, 2008**. This act also requires appropriate signs and notices indicating this capability; more information on proper displays is available through the U.S Mint.

Below is a list of Coinco coin changers that are capable of accepting and dispensing \$1 coins in compliance with this new mandate:

- **Guardian 6000™ Coin Changer**
- **Vortex™ Coin Changer**
- **QuantumPro™ Coin Changer**
- **Global™ Coin Changer**

Note: To ensure that you have the correct model or configuration, please contact your Coinco sales representative or visit us at www.coinco.com

As always, Coin Acceptors, Inc. appreciates your business and we look forward to continually supplying you quality products within the Vending Industry.

Sincerely,

Tom S. Paczkowski
Director of Marketing
